

Free Office 365 for your home device

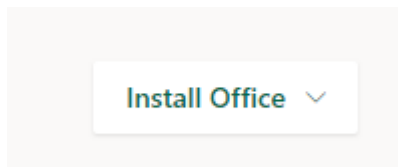

To get Microsoft Office, log on with your school email at:

<http://portal.office.com/>

From there you can use any of the office products online by clicking that product – you can save these online and access in the same way when in college:

Alternatively click on the 'install office' button, to download and install the full office suite for offline use:

This can be a very long download so be patient, on screen instructions for installation will commence after downloading. You are licensed to install/use this whilst you are a student at Freman.
