

4<sup>th</sup> January 2021

Dear Parents / Carers

With students starting remote learning tomorrow, I wanted to direct you to a reminder about how this will work and to the help available if students and parents hit any technical problems.

There is a general video which reminds everyone of how we set work for students when they are at home. <https://www.freman.org.uk/spring-2021-arrangements/remote-learning-2/preparing-for-remote-learning> This covers self-isolation arrangements but also goes on to deal with the current situation when learning for all students is taking place remotely.

It gives a useful round up of what apps students will need to use. You might want to watch this to remind yourselves about some of the nuts and bolts.

This video will also direct you to the website <https://www.freman.org.uk/spring-2021-arrangements/remote-learning-2/help-accessing-resources> where there is advice available including how to

- Submit work via Satchel One
- Access the portal where many resources are available
- Accessing resources on the college network
- Accessing Office 365
- Accessing and using Activelearn

If access to ICT is going to be a problem for your son or daughter, please do let us know via [admin@freman.org.uk](mailto:admin@freman.org.uk) what the difficulty is, in case we are able to help.

Yours sincerely

Helen Loughran  
Headteacher
